Environment Policy

At Forja de Monterrey SA de CV aka Questum Forjados, we are aware of the importance of better environmental performance and we are committed to:

- * **Prevent pollution through the sustainable and rational use of resources.**
- * **Comply with the company's policies and procedures, as well as current legislation and other requirements applicable to our organizational context related to environmental aspects.**
- * **Be transparent in communication through the periodic publication of information on environmental performance to interested parties, meeting their expectations, either by regulatory compliance or voluntarily.**
- * **Train and raise awareness through awareness activities for employees, suppliers, and contractors, in order to properly manage the environmental aspects of our operations.**

The foregoing as a frame of reference to establish and review objectives and goals for the continuous improvement of the environmental management system.
